## **The Library Café Project**

Library Cafés are a growing and successful trend in today's public libraries. A Café in our library will create an even greater sense of comfort and community for our users. The Café will include beverages and light snacks in an area near the entrance to the Library. Our fundraising efforts have begun to generate momentum through your generous donations over the past few years, and we are excited to be close to reaching our goal of building a Café in the Library. With your help we can continue this momentum and complete the project. Named giving opportunities are still available. More in depth details regarding the Café and these opportunities will be provided at the event. Hope to see you there!
